## INTRODUCTION

The role of humanitarian organizations has emerged in war and peace times. The community partnership has an important title for the success of individuals, institutions and governance for the inevitable integration of their roles .

In spite of all challenges and difficult circumstances, the will to live must prevail, because the humankind is the object of this life.

Önder organization for cooperation and development , since it's inception on 28/September/2017 , has sought to make it's humanitarian action , a developmental work .So it moved from the concept of humanitarian relief response to the concept of humanitarian developmental response , and adopted the concept of integrated sustainable development, investment of human resources , quality standards , community partnership and volunteerism as basic pillars for achieving such development .

Önder organization for cooperation and development , has identified it's response to human needs through 5 programs ( Education , Protection , Early recovery , FSL, and WASH ) including 28 projects which based on capacity-building for adolescents and youth, women's empowerment and humanitarian care for orphans and elderly for seeking to pain relief and promote hope.
